

# Australian Geography Competition

237 Milton Road, Milton Qld 4064 Phone: 07 3368 2066 Fax: 07 3367 1011  
Email: [competition@rgsq.org.au](mailto:competition@rgsq.org.au) Website: [www.geographycompetition.org.au](http://www.geographycompetition.org.au)

23 August 2018

## REPLACEMENT CERTIFICATES

Please note that **we DO NOT accept corrections for Certificates submitted by phone**, and we are unable to correct names on results sheets.

### Students with long names

Because of the limitations of the answer sheet, not all students were able to fill in their complete first name and/or last name. **We will provide a replacement Certificate.** Please **annotate the Certificate** you received with their correct name, and scan and email to [competition@rgsq.org.au](mailto:competition@rgsq.org.au), or post to

Australian Geography Competition  
c/- The Royal Geographical Society of Queensland  
237 Milton Rd, Milton Qld 4064

### Incorrect student name, no name and Year level

We will replace Certificates for students who made a mistake in filling in their name, including no name, and/or Year level. Please **POST** us the **Certificate(s) annotated** with the correct name and/or Year level and accompanied by a **stamped self-addressed A4 envelope** by **Monday 22nd October 2018**. We cannot replace a Certificate without the copy of the original Certificate.

## MISSING CERTIFICATE

Any student who completed but has not received a Certificate may have filled in the answer sheet incorrectly. If you send (email or post, **DO NOT phone**) a typed list of the names of these students, with their Year level, we will try to find their scores and send the appropriate Certificates. If we are unable to identify your student, we can only send a participation Certificate.

## RESULT SHEETS

We are unable to correct names or Year levels on the Results Sheets due to the process used to generate these sheets. On the Results Sheet:

- a “blank” entry under “Your answer” against a “Question No.” indicates no answer was recognisably filled in; and
- multiple responses for a question occur when the student has filled in more than one oval against an answer and/or has not erased oval(s) cleanly.

## MATERIAL NOT BELONGING TO YOUR SCHOOL

Please let us know via email: [competition@rgsq.org.au](mailto:competition@rgsq.org.au) if you receive any Certificates and Results that do not belong to your school.
